Hello, I'm looking for a young adult book series. I have been studying these steps over the past 5 days and taking notes. Grade 4 focuses on three key advancements from previous years: 1 developing understanding with multi-digit multiplication and division; 2 developing an understanding of fraction equivalence, and certain cases of fraction addition, subtraction, and multiplication; and 3 understanding that geometric figures can be analyzed and classified based on their properties, including their angle measure and symmetry.
